ANNUAL GENERAL MEETING

**WEDNESDAY
APRIL 5, 2023
1:30 PM
TABER LEGION HALL**

ORDERING, DELIVER & SHUT-OFF OF WATER

Water delivery must be arranged by contacting the appropriate Water Coordinator by the times indicated below at least 24 hours prior to the time water is required/shut-off. Water must be ordered for an initial 24 hour block, then can be ordered in 12 hour increments.

Water ordering will be available at the following times:

Monday to Friday including Statutory Holidays	7:00 a.m. to 3:30 p.m.
Saturdays	7:00 a.m. to 11:00 a.m.

Water will be delivered on an as available basis. The coordinator makes daily assessments based on how much water is needed for each system. Some days, a longer wait may occur but if there is water available from other irrigators shutting down it may be available right away.

The same logic will be used for ordering water off. Orders for shutting water off will only be taken in the hours noted above. If orders are received outside of these hours, they will not be acknowledged until the next ordering cycle.

How Irrigators Can Help

Irrigators are asked to work with the Water Coordinator teams and are reminded that they are to communicate regularly with the Water Coordinators.

Irrigators are asked wherever possible to accurately predict their water requirements and to convey this to their Water Coordinator team.

Work with your neighbor's and if possible, share streams of water on the same system (lateral, canal, etc.); remembering first to let the Water Coordinator know of your intentions beforehand.

Irrigators are reminded they are required to ensure communication of orders for both ON and OFF. If you fail to let your Water Coordinator know when you are shutting off, the order will continue running until you do so. Water Coordinators will not be monitoring when you shut off.

You should note that if you run your irrigation without notice to the Water Coordinator you will be debited with two (2) days of delivery

BOARD OF DIRECTORS

DIVISION 1

GRANT HENDERSON

ghenderson@smrid.com

Lands south of Highway 4 and lands within Range 21 and north of Highway 4 and south of Highway No. 61 and lying to the west of Range 14, W4th.

DIVISION 2

BRIAN OBER

bober@smrid.com

Lands within Ranges 18, 19 & 20 which are north of Highway 4 and north of Highway 61 and south of Highway 3, but does not include irrigators obtaining their water from the Main Canal in Twp. 9, Range 18, W4th.

DIVISION 3

GEORGE LOHUES - CHAIRMAN

glohues@smrid.com

Lands within Ranges 18, 19 & 20 which are north of Highway 3 and includes irrigators obtaining their delivery from the Main Canal in Twp. 9 Range 18, W4th.

DIVISION 4

ALEX OSTROP

aostrop@smrid.com

Lands within Ranges 13, 14, 15, 16 & 17, W4th.

DIVISION 5

CORY NELSON - VICE CHAIRMAN

cnelson@smrid.com

Lands within Ranges 11 & 12, W4th

DIVISION 6

GERARD OOSTERHUIS

goosterhuis@smrid.com

Lands within Ranges 8, 9 & 10, W4th and lands within Twps. 10 and 11 of Range 7, W4th.

DIVISION 7

GARY FRANZ

gfranz@smrid.com

Lands within Ranges 5 & 6, W4th and lands within Twps. 12 & 13 of Range 7, W4th.

DIVISION 8

KYLE GOUW

kgouw@smrid.com

Lands between the Oldman River and the St. Mary Main Canal; East of Bountiful Coulee and West of Range Road 160, inclusive of lands in sections 14 to 16, 22 and 23 of Township 10, Range 18 W4 M.

DIVISION 9

MIKE WIND

mwind@smrid.com

Lands between the Oldman River and the St. Mary Main canal; East of Range Road 160 and West of Purple Springs.
